- Compassionate and empathetic approach towards patient care.
- Strong organizational and time management abilities.
- Capacity to collaborate effectively with multidisciplinary healthcare teams.
- Commitment to upholding patient confidentiality and privacy.
- Dedication to maintaining ethical and professional standards of nursing practice.

Qualifications

- Bachelor's Degree or Diploma in Nursing from an accredited institution.

Experience

- 3-5 years of experience as a Registered Nurse in a hospital setting is mandatory.

Responsibilities

- Perform thorough assessments of patients' health status upon admission and throughout their hospital stay.
- Develop and implement individualized nursing care plans based on patients' needs, medical history, and physician orders.
- Administer medications, treatments, and procedures as prescribed by physicians, ensuring accurate dosage and timely administration.
- Monitor patients' vital signs, symptoms, and responses to treatment, reporting any changes or concerns to the healthcare team.
- Provide education and support to patients and their families regarding their condition, treatment plan, and self-care techniques.
- Collaborate with physicians, specialists, and other healthcare professionals to coordinate patient care and ensure treatment goals are met.
- Document all patient care activities accurately and comprehensively in the electronic medical record system.
- Maintain a safe and hygienic patient care environment, adhering to infection control protocols and safety standards.
- Respond promptly and effectively to emergencies, providing immediate nursing interventions as necessary.
- Participate in interdisciplinary team meetings, quality improvement initiatives, and continuing education opportunities to enhance nursing practice and patient outcomes.
- Serve as an advocate for patients, addressing their concerns and ensuring their needs are met throughout their hospitalization.
